Welcome to the 17th Edition of the Hyderabad Jewellery, Pearl and Gem Fair (HJF)

It gives me immense pleasure to welcome you to the 17th edition of the Hyderabad Jewellery, Pearl and Gem Fair at HITEX in Hyderabad, where the finest in design, craftsmanship, and business converge.

Over the years, HJF has grown into one of India's most trusted and premium platforms for the jewellery trade, a space that goes beyond exhibiting products to becoming a thriving ecosystem for innovation, craftsmanship, tradition, and business. This annual event brings together the entire value chain of the gems and jewellery sector, offering a window into the evolving identity of the industry, one that balances heritage with future-ready thinking.

India's gems and jewellery industry continues to gain global significance. The country now contributes to nearly 29% of worldwide jewellery consumption, and in FY24 alone, jewellery exports exceeded USD 37 billion. As India strengthens its position as a global hub for design and manufacturing, platforms like HJF are pivotal in driving growth by connecting stakeholders, promoting excellence, and enabling new trade opportunities.

HJF 2025 will feature over 220 exhibitors across 450+ stalls, showcasing an extensive array of gold, diamond, silver. pearl, and gemstone lewellery, alongside cutting-edge technology, machinery, and mounting solutions. This year's edition will see strong representation from India's leading jewellery hubs, including Hyderabad, Mumbai, Jaipur, Kerala, Bangalore, Coimbatore, and Chennai. The fair continues to attract a distinguished mix of legacy manufacturers, dynamic emerging brands, and premium first-time participants, further highlighting its growing influence and stature in the industry.

Strategically positioned ahead of the summer wedding and Diwali festive seasons—which together account for over 60% of India's annual jewellery sales, HJF serves as an essential sourcing and networking destination. By covering the entire southern market, from Telangana and Andhra Pradesh to Tamil Nadu, Karnataka, and Kerala, the show connects traditionrich markets with emerging design trends and export-ready craftsmanship.

This edition also introduces a thoughtfully curated set of experiences that go beyond trade. Key highlights include Power of Young, an evening celebrating the contributions of next-generation jewellers; Jewellery Purchase Managers Connect; Coffee with Dr. Chetan; and the Exclusive Showcase Pavilion, which will spotlight India's finest in Polki, Kundan, Silver, Pearls, Antique and more. These initiatives are designed to create meaningful dialogue, highlight industry achievements, and inspire the community as it moves forward.

Our 2025 edition is built to reflect the future, a forward-looking platform enriched by immersive programs, curated buyer initiatives, and powerful networking tools. With the support of esteemed associations like HJMA, Telangana Bullion Gems & Jewellers Federation, and others, we aim to create an impactful experience that supports business, fosters innovation, and celebrates excellence

We look forward to welcoming you to three days of opportunity, creativity, and collaboration and to continuing our shared iourney in shaping the future of Indian iewellery.

Warm regards,

Yogesh Mudras Managing Director Informa Markets in India
